

**rockwest**  
TRAINING. EMPOWERMENT. COMMUNITY.

October 29, 2020

The most important thing to the Office of Developmental Disabilities Services and Rockwest is your safety, health and well-being.

A participant in our DSA program may be sick with COVID-19, a virus that can cause someone to become very sick. We feel it is important for us to tell you this.

It is a good idea to call your doctor to tell them about this notice and ask them what to do, especially if you are not feeling well. Please do not go to the doctor's office without calling first.

If you want to learn about how not to get sick, or what you can do if you do not feel well, you should watch the YouTube video. Search ODDS COVID-19 Info on YouTube or go to: <https://youtu.be/Ikb0awBbSZQ>

You can also find a lot of information here:

<https://www.oregon.gov/DHS/SENIORS-DISABILITIES/DD/ODDS%20Resource%20Library/Additional-Covid-Resources-People-with-Disabilities.pdf> If you do decide to have a COVID-19 test and the test result is positive, please inform your Services Coordinator or Personal Agent right away, and tell them you attended our program and give the last date of attendance. Please also notify our program.

At this time, all services provided at 4646 Ridge Dr., Salem, OR will be discontinued until at least November 13, 2020. We are looking at opening on Monday, November 16, 2020 but will notify you when we have an official re-opening date.

Please call your Services Coordinator or Personal Agent if you have questions or need help with your supports.

Sincerely,

Starla Hirschorn

Director

Nilima Vasseur

Client Service Manager
